**Subject:** Fw: Drafting a Process for HQ EOC EU Reach-Back Support to Dimock

See below as a "heads-up" that we are working towards standing up a virtual HQ EOC EU starting Monday for Dimock.

Will share with you the process when it is a little further along.

Larry, Dana, Ron and Dennis,

I just got off the phone with Tito and he explained the need to develop a written process for the review of data results and risk communication efforts for the Dimock sampling activities. I'll have an initial draft later today to share with this group for review and comment and will work towards a revision based on your input by the end of the day.

If you have any questions or would like to discuss, Tito can be reached by cell and I'm at my desk today.
